SUMMARY

Backend-focused software engineer with experience building scalable REST APIs and event-driven systems using Java Spring Boot, Kafka, Redis, and PostgreSQL. Strong foundation in JavaScript/TypeScript, React, and backend debugging, with the ability to quickly adapt to Node.js, Express, and modern full-stack environments.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, SQL

Frontend: React, React Native, HTML, CSS, Tailwind CSS

Backend: Spring Boot, REST APIs, Node.js (Basics), Express (Basics)

Databases: PostgreSQL, MySQL, Redis

Messaging: Apache Kafka

Tools: Git, Postman, Docker, VS Code, Chrome DevTools

EXPERIENCE

Associate Software Engineer — Sep 2024 – Oct 2025
Lora IT Innovations Pvt Ltd — *Hyderabad, India*

- Developed and debugged backend REST APIs using Spring Boot and SQL-based databases.
- Monitored real-time metrics using Kafka dashboards and identified performance bottlenecks.
- Worked on JavaScript and Node.js modules alongside React frontend components.
- Performed API testing, log analysis, and production issue troubleshooting.

Freelance React / React Native Developer — Oct 2025 – Nov 2025
Remote

- Built web and mobile applications using React, JavaScript, and REST API integrations.
- Implemented authentication, forms, API consumption, and UI optimization.
- Collaborated with clients to debug issues and improve performance and UX.

PROJECTS

Real-Time Metrics Dashboard — 2024
Spring Boot, Kafka, Redis, PostgreSQL, React

- Designed event-driven backend services using Kafka producer-consumer architecture.
- Built REST APIs to stream and store real-time service metrics.
- Used Redis for caching and backend performance optimization.

Career Portal Website — 2025
React, TypeScript, REST APIs

- Developed a responsive frontend for job postings and applications.
- Integrated REST APIs for data management and user workflows.

EDUCATION

Indur Institute of Engineering and Technology — 2018 – 2022
B.Tech in Computer Science — *Telangana, India*

CERTIFICATIONS

Java Full Stack Development – JSpiders, Hyderabad

Strengths

- Strong backend fundamentals and REST API design

- Debugging, performance analysis, and system monitoring

- Fast learner and adaptable to new backend frameworks
